The tables provided for SH.Redshift.1 include the following information:

- **Control identifier:** SH.Redshift.1
- **Framework:**
  - NIST 800-53 Rev 5 AC-21
  - NIST 800-53 Rev 5 AC-3
  - NIST 800-53 Rev 5 AC-3(7)
  - NIST 800-53 Rev 5 AC-4
  - NIST 800-53 Rev 5 AC-4(21)
  - NIST 800-53 Rev 5 AC-6
  - NIST 800-53 Rev 5 CA-9(1)
  - NIST 800-53 Rev 5 CM-3(6)
  - NIST 800-53 Rev 5 SC-13
  - NIST 800-53 Rev 5 SC-28

- **Control objective:** Limit network access

The tables also list the Control API identifiers for various regions:

- **Asia Pacific (Seoul)**
  arn:aws:controltower:ap-northeast-2::control/PSHCDLXAFPIZ

- **Asia Pacific (Tokyo)**
  arn:aws:controltower:ap-northeast-1::control/EIZJBDXPFPGK

- **Europe (Paris)**
  arn:aws:controltower:eu-west-3::control/HNXTEFHVVVUV

- **South America (São Paulo)**
  arn:aws:controltower:sa-east-1::control/NDKTXPFKNJXF

- **US West (N. California)**
  arn:aws:controltower:us-west-1::control/IXAUVMTYOJFU
